Pharmacy

With your Arkansas Blue Cross and Blue Shield pharmacy benefit, you can get important immunizations at your local pharmacy at no cost to you. Check out our list of zero-cost vaccines and visit your local pharmacy if you're looking for a fast, free vaccination from a trained healthcare professional.

- Prevent serious diseases
- No doctor's appointment necessary
- Skip the waiting room
- Zero cost to you

When you get vaccinated, you're not just looking out for your own health. You're helping prevent the spread of disease to others.

Talk to a pharmacist

It's easier and less expensive to prevent a disease than to treat one. Arkansas Blue Cross makes it easier for you and your family to get immunized. Don't wait — talk to your pharmacist today about the immunizations that may benefit you.
